

ALL TOGETHER, LET'S BE THE LEADERS OF THE SHARED VIGILANCE!

We shall all comply with the **10 EDF Life-Saving Rules** to protect us all from the hazards.

I never cross a barrier, including a radiography barrier, unless I'm authorised to do so.

I never work or drive under the influence of alcohol or drugs.

I use the safety equipment (belt, hard hat, etc.), I respect the speed limits, I do not handle the phone or SatNav when driving a vehicle.

I always protect myself against falling from height and I protect others from falling objects.

I never move under a suspended load, and I keep a safe distance from it.

I only work on equipment with isolated energy sources.

I always use the specified protective equipment when working with or near live equipment.

I always keep a safe distance from moving equipment or vehicles.

I always wear a life jacket when working near water if there is no collective protection.

I never enter a confined space without authorisation, atmospheric control, and supervision.

Dare to question and be questioned, and to be able to **STOP** in case of danger!

LIFE IS PRECIOUS

No emergency justifies taking risks.
